BRIDGING THE GAP FOR WOMEN ENTREPRENEURS

The new JOBS Act equity crowdfunding laws present game-changing opportunities for women-owned companies to raise millions of dollars of capital online. But the new laws are very expensive to use and out of the financial reach of most small businesses.

That’s where the BankRoll Women Bridge Club can help.

The Bridge Club provides loans or other forms of bridge financing to women-owned businesses, allowing these companies to potentially raise millions in new capital through the BankRoll funding platform.

The Bridge Club is comprised of “accredited investors” who support women entrepreneurs individually, or collectively with other Bridge Club members, by providing bridge financing of up to $250,000 to cover the costs of legal, accounting, compliance, regulatory and marketing fees needed to raise up to $50 million under the Regulation A+ “Mini-IPO” provisions of the JOBS Act.

The Bridge Club is free to join for any accredited investor. Bridge Club members review women-owned companies accepted into BankRoll Women’s funding program, and choose the entrepreneurs they want to support.
